

# A Twist in Time at the University Museum: Fossilization Game

**1** Here! Start!

**2** You are a creature living near the bottom of the sea waiting to be fossilised  
Go forward 3 spaces

**3** 

**4** You are eaten by another sea animal - you can't be fossilised  
Go back to start

**5** 

**6** You're an animal with a skeleton - you are more likely to be fossilised  
Go forward 2 spaces

**7** You are a jelly-fish with a soft body that doesn't fossilise easily  
Go back 5 spaces

**8** 

**9** You are buried under layers of sand - fossilisation can begin  
Go forward 1 space

**10** 

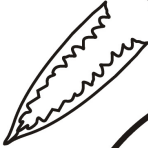

**11** The sea gets rough - the sand in you are buried in gets washed away  
Go back to start

**12** 

**13** The sand around you hardens into rock - you begin to turn into a fossil  
Go forward 3 spaces

**14** 

**15** Before you are fossilised the rock around you weathers away  
Go back to start

**16** 

**17** The rock around you is broken up to make cement  
Go back to start

**18** 

**19** Some children find you and take you into school  
Go forward 1 space

**20** 

**21** 

**22** Geologists find you & take you to a museum  
Go forward 1 space

**23** 

**24** You are hammered to bits by a geologist  
Go back to start

**25** Congratulations! You've made it - you're a fossil!
